## SUMMARY

A multifaceted UX/UI Designer, capable of quickly adapting to the role, project, or challenge presented. Relying on my knowledge of user research, design systems, and development process, I am driven to collaborate with teams to create valuable experiences for all users.

## EXPERIENCE

Lead UX and Visual Designer (Contracting) – 9/18 to 4/19
### CSAA Insurance Group, a AAA Insurer

Extensive UX Research, UX Design and Prototyping, as well as  inal Visual Design for an "Insurance Knowledge Center" to be used by national sales agents and internal support and claims agents. Also developed the information architecture and visual design for a new "Careers" site.

UX/UI & Visual Design, Development & Management – 9/14 to 5/18
### 2Plus2 Partners, Inc

UX/UI design, visual design, and development management for iOS and Android apps and websites with focus on responsive design. Notable projects include UX/UI Design for custom web parts and intranet tools for CooperVision, energy saving and power storage management apps for CODA Energy, and Enlighted, a "ship to berth" scheduling app for the Port of Oakland.

UX/UI & Visual Design, Development & Management  – 1/06 to 8/14
### School Loop, Inc.

As senior product designer I lead UX research, executed UX/UI design, prototyping, and development supervision for learning management product suite. Completed system-wide design and developed user portals for teachers, students, parents, and school faculty with tools including a full grade book, digital lockers, calendar system, and personalization features. Also designed and developed a mobile version of the site, iOS and Android apps, as well as a complete CMS system for school districts websites.

UX/UI & Visual Design – 3/01 to 8/05
### Tommy Dew Design, Inc.

Designed and developed websites, business presentations, and print collateral. Collaborated with technical partners, managed production queue, and served as Account Manager for clients. Highlights include design and development of exhibition websites for Oakland Museum of California and High Museum of Art (Atlanta), promotional microsite design for Fetzer Wine and Wells Fargo, and educational game design for the Dairy Council of CA.
